

Hebrew Summer Homework Instructions

Enclosed in this folder you will find important Hebrew summer homework. We are so proud of the students who have learned all the Aleph- Bet letters, sounds and corresponding Hebrew Vocabulary. **Reviewing with your child over the summer is critical to help them retain what they have learned and ensure that they are properly prepared for first grade.**

In the folder you will find cards that have letters and pictures, please cut out each card. You can use them as flashcards to review the letters and sound. We also included a packet with fun activities for the child to complete over the summer.

Thank you for your partnership in educating our Yeladim.

Sincerely,

The Kindergarten Morot
